

BLUUURGH...

Formed in the early part '89 Bluuurgh... was one of the first Dutch splatter bands to appear in the scene. In that same year their first raunchy demo appeared called "Vegetables of Doom" and was in the vein of the cult American and English core bands. After several line-up changes the musical writing style developed a more metal orientated sound.

In early '90 the second demo "Pious Decay" was recorded & released. Lyrically and musically their had now been a huge progress in the band. An offer was made by C.S.K. Records for a double 7" EP release. The band returned to the studio to record their "Suffer Within" EP. This EP turned out to be a mega-sale and with this the band attained massive world wide recognition.

Witchhunt Records signed the band in '92 for a full length CD/LP, entitled "In My Embrace". The songs on this CD/LP have a wide variety of styles combined with each other giving Bluuurgh... believe it or not, originality!!, a mix of Death-Metal, Industrial, Core and Grunge, combined with the sickest splatter vocals ever, definitely and change from the normal!!
