

VOMITORY

INFO

VOMITORY was formed by Urban Gustafsson and Ronnie Olson in 1989. In the beginning it was very quiet about the band. We rehearsed alot and wrote new material, which resulted in a three-track demo of pure raw death metal in June 1992. The demo has sold 300 copies and the response has been great.

In January -93 we recorded our debut 7"EP, entitled "Moribund", which was released by Witchhunt records in May -93. It has sold 1000 copies so far (July -93). Both the demo and the 7"EP were recorded at Studio Kjellgren.
