BIOGRAPHY OF DECORYAH

DECORYAH was formed in late '89, then our style was simpler metal in vain of early Celtic Frost. Our line-up was then: Jukka Vuorinen (vocals/guitar), Mikko Laine (Drums), Jani Kakko (lead guitar) and Mikko Ojanen (bass). There wasn't made any demos or other releases with this line-up and style. In summer '90 Mikko Laine left band and Mika Berg took Mikko's place behind drums. Our style was changed to more death-metal in summer '91 and in February '92 we recorded our first studio demo called "Whispers from Depth". Mika was kicked out of band and Mikko Laine came back. After a while Mikko Ojanen was also kicked out due to musical differences. We noticed that we also could use keyboardist, so we took Jonne Valtonen in the band. Finally we found music style and sound which were very natural for us. So we started to play dismal atmospheric metal. Don't let the name of the style mislead you, our music has nothing to do with black metal (or death metal). We wrote few songs and entered ECI-sound Studio in DEC '92 and recorded our 2nd demo called "Cosmos Silence". With this demo we got a deal with Swiss WITCHHUNT Records and now our debut EP is released in May '93 and CD will follow in late of the Autumn '93.
